MASTER CRAFTSMANSHIP

Master craftsman David Rafailov has over 30 years of experience working with fine quality leather goods. Give us an opportunity to show you how Old-World, fine quality workmanship can extend the life and improve the beauty of your leather goods. Working in fine leather is our passion, and it shows.

MAIL-IN SERVICE!

For over 15 years, David Rafailov has served the residents of Alpharetta, through his local shops. Now, he serves the entire state. Georgians can call, email or mail in requests for service and ship their footwear, bags or gear to David for repair. Old-style customer service and Old World precision craftsmanship you can count on. Satisfaction guaranteed.

SPECIALTY & EQUESTRIAN BOOTS REPAIR

David Rafailov crafts masterful repairs on polo, paddock, dressage, field, hunting, military, motorcycle, and dress boots. In addition, he custom fits orthotic support into boots to fight foot fatigue and increase comfort.

Drawing on years of experience restoring esteemed brands, David recommends annual service to restore, protect and maintain equestrian boots for the longest possible wear. David also restores and repairs belts and tack. Come in for an estimate or give him a call!

FOOTWEAR REPAIR

David works on all types of shoes: Golf shoes, Dress shoes, High heels, Birkenstocks, Flats, Wedges, Orthopedic shoes, Casual shoes, Tap shoes, Custom dyed-wedding shoes, Ballet shoes, Pet booties, even Figure skates! David is especially experienced in the nuances of couture footwear and leather goods repair and restoration.

Whether your footwear needs common repairs like replacing tassels, taps, elastics, ribbons, straps, buckles, soles, heels, etc. to less common repairs due to pet chewing, false moves that break heels and straps, or accidental drive-overs, David makes them look like new. He can also change the color or type of heel or sole to update perennial favorites.

Found a great pair of boots but the fit is not quite right around the calf? David has taken in and let out hundreds of pairs. The Old-World touch is evident in the use of meticulous almost-invisible stitching to complete repairs. When footwear shows signs of wear and tear, bring it to Old Alabama, where you can get them cleaned and restored quickly and professionally for much less than you'd expect.

DID YOU KNOW?

- Shoes can be repaired and restored a significant number of times over several years for less than the price of a new pair of shoes. For example, a pair of high-quality men's shoes can be re-soled up to 10 times before they even begin to match the cost of a buying a new pair, and a good pair of shoes can last up to 30 years.
- Quality women's shoes can be re-soled up to 5 times, so ladies can get about 15 years of wear out of a favorite pair. Another advantage to keeping the old: new soles and heels, and reconditioned uppers make shoes look like brand new, but they retain that comfortable, "broken-in" feel that's better than new!
- David is a pro at fitting comfortable footwear. If you find it hard to come across proper fitting footwear look no further, he can custom build an orthotic to fit your foot precisely. By creating an orthotic to fit your foot precisely, you promote maximum foot health and provide the ultimate in comfort, for less fatigue at work and play.
- Repairing shoes and leather goods means less waste ends up in landfills. 62 million pairs of shoes are kept out of landfills each year through shoe repair. Broken straps and lost buckles needn't be the end of your sandals, either. We do all kinds of repairs on everything from strappy sandals to steel-toed boots, Birkenstocks to baseball gloves.
- WE SERVICE AND REPAIR SPORTS AND SPECIALTY BAGS, LUGGAGE, BRIEFCASES, BELTS, PET LEADS AND COLLARS, WALLETS, HANDBAGS, GOLF BAGS, LAPTOP CASES, HOLSTERS, TACK, AND A WIDE VARIETY OF LEATHER AND CANVAS GOODS.
